Project Development Phase
Model Performance Test

Date	17 May 2023
Team ID	NM2023TMID11619
Project Name	Intelligent Garbage Classification sing Deep Learning

Model Performance Testing:

Project team shall fill the following information in the model performance testing template.

S.No.	Parameter	Values	Screenshot
1.	Model Summary	The model is sequential model. The layers used are Input layer, Conv2D layer, MaxPooling2D layer, Flatten layer, Dense layer.	2.	Accuracy	Training Accuracy – 65% Validation Accuracy -50%	3.	Confidence Score (Only Yolo Projects)	Class Detected - Confidence Score -
